

# SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY, PUBLISHERS

TUESDAY, JULY 21.

New York State has decided to spend \$100,000,000 in rehabilitating the old Erie Canal. If New Mexico were only in position to spend one-tenth of that sum not on a canal but on irrigation works! Such spent in the right way would work wonders for the irrigation cause throughout this Territory.

It is to be regretted that work on the Isthmian Canal was not begun this summer. The delay has been caused by circumstances however over which the United States had no immediate control. After the work is once started the delaying of three penny republics like the United States of Colombia will not delay the enterprise.

Abdullah-abd-al-aziz, Sultan of Morocco, has sent President Roosevelt a touching letter of friendship that fills half a column of space in the St. Louis Globe-Democrat. It is respectfully referred to certain New Mexico politicians as a model of using many words and yet saying so little that the letter will never be used against Sultan Abdullah-abd-al-aziz as a campaign document.

The United States of Colombia is trying a little hold-up game upon Uncle Sam. It now demands \$25,000,000 in place of the \$10,000,000 first asked for the Panama Canal concessions. The Colombians are rapidly manufacturing sentiment in the United States in favor of the Nicaragua Canal route or in favor of a military expedition to take possession of the entire Isthmus of Panama.

Charles M. Schwab, president of the Steel Trust, is in the Rocky Mountains fishing and hunting. It is possible that he will drop into Santa Fe one of these days and even might be persuaded to look into the industrial possibilities and advantages of this city. But the Board of Trade had better not wait on that contingency, but should get to work to inform eastern mill owners and investors of the things that they ought to know about Santa Fe. At Glensville, New York, for instance, there is a strike on of 7,000 hands working in the glove factories of that town and more than one owner of a glove factory is probably looking around for a factory site in another part of the United States in consequence. Santa Fe, for many obvious reasons would be an ideal site for a large glove factory and the proper presentation of facts at this time might result in a good deal more benefit to the city than chasing the Fort Marcy ignis fatuus or thinking up impracticable schemes for the betterment of the city.

## THE TWENTY-FIVE YEARS OF POPE LEO.

Twenty-five years ago when Cardinal Pecci was crowned as Pope Leo XIII, the Roman Catholic church was in a condition which could not be called prosperous or as powerful as it deserved to be. Judging by the number of its adherents and believers in the faith it preached. The temporal power of the papacy had just been taken from it by the King of Italy; stringent laws against its clergy existed throughout Germany and especially in Prussia; in France, Gambetta was the leading spirit of the government and that was hostile to the church; in the United States, while Catholics were numerous, there was no cohesion, and while the church in sections was powerful, throughout the country it was weak. In Russia a spirit of hostility existed, and this was especially the case where the Polish Roman Catholics were concerned. In Spain a new king has just succeeded an anti-clerical republic and Catholic church matters were very shaky. The changes brought about by Leo XIII during the twenty-five years of his pontificate in these respects are certainly most wonderful, and the admiration of diplomats and students of history among civilized people.

In Russia at this time the hostility of the autocrats' government has disappeared and the Polish Roman Catholics are not molested. In Prussia and in certain parts of Germany the so-called Falk laws have been abrogated, and with the exception of the Jesuits the Catholic clergy is free to do as it sees fit within the lines of its religion; the sentiments of the imperial and royal governments in Germany have also undergone a great change, and while Wilhelm II will never go to Canossa, still he went to Rome and paid his respects and homage to the aged pontiff but recently. In the United States what is generally understood under the name of the American Catholic church has become very powerful and is flourishing. It is united and exerts a great influence throughout this country.

In Spain the supremacy of the church has been re-established and its only enemies in that country are the anarchists and the socialists. In England the church is more powerful and influential than it has been since the time of Henry VIII. In France alone the entente cordiale between the vatican and the government is not what it should be and the relations are strained.

This great change in twenty-five years was brought about simply and solely by the tact, the diplomacy, the high personal and spiritual character, the charitable sentiments, and the great knowledge of man possessed by Leo XIII who has just passed to the "silent majority."

William G. Pattison died last week at Kalamazoo, Michigan, at the age of eighty-nine years from excessive tobacco smoking. It is sad to see so young a man sacrificed to smoking the filthy weed.

Three regiments of infantry and three regiments of cavalry have been ordered home from the Philippines, thus carrying out the President's intention to reduce the army in the Philippines to a minimum. It speaks well for the peaceful conditions that have been established in the islands that the American army in those parts is less in number than the Spanish army was at any time during the Spanish regime.

A special grand jury is to be called in Denver to investigate the corrupt practices of members of the Democratic legislature which met yesterday in special session. Denver does not want St. Louis and Jefferson City to get ahead of it in so small a matter as hoodlums legislators, but it is feared that several of the bucolic-Solons when they hear that a grand jury is in session at Denver, may find it convenient to stay at home rather than brave the dangers that lurk for them at the capital.

The greatest necessity that Santa Fe has known for years is that of modern school buildings. It is unfortunate that the construction of such school houses has been linked with the disposition of the Fort Marcy reservation. It is such foolishness that has cost Santa Fe its leadership among the cities of the Rocky Mountains and it is about time that the city gets over it. The territorial press is ridiculing Santa Fe on account of its strange perverseness in neglecting its public school interests at a time when the existence of good schools is vital to the further growth and prosperity of the city.

A bonanza in gold prospects has been discovered in Pitkin County, Colorado. The find was made in an altogether unlikely place and was unexpected even by the most sanguine prospector. The ore runs \$75,000 to the ton and there seems to be a large amount of it. It is the hope of making a strike like that which keeps many prospectors in the field after years of vain labor to find the long-looked-for bonanza. It is not only possible, but judging by geological conformation, it is quite likely, that the Santa Fe mountains hold bonanzas like the one in Pitkin county, Colorado.

## NEW MEXICO INVITES COMPARISON.

New Mexico has been a territory of the United States for over fifty years and during this half of a century no serious election or naturalization frauds have been charged against its people except some fraudulent voting and padding of voting lists and that only in a few elections. Even in these cases the fraudulent practices charged to have existed were mole hills to mountains when compared with the election frauds in recent years in Montana, Colorado, and other sections of the United States. Still New Mexico is kept in a territorial condition because, forsooth, its people, as the opponents to statehood for the territory assert, are corrupt, dishonest and absolutely unfit for statehood. These charges are not at all carried out by facts nor by historical events. New Mexico registration and election laws are fair, just and honest in the main and, as a rule, the laws are obeyed, elections are fairly conducted and the results honestly declared. To be sure, in New Mexico as elsewhere at times votes have been bought and sold, ballot boxes stuffed, honestly elected members of the legislative assemblies unseated, still in no case can these occurrences be compared with such of the kind as have taken place in some of the great and sovereign states of this Union. Take Missouri for instance. It is an old, populous and wealthy state, and still for thirty years past, corruption, the buying and selling of legislative votes and the buying and selling of city franchises in St. Louis, gigantic election and naturalization frauds and many other dishonest political practices have prevailed there and have been perpetuated with blushing effrontery and colossal impudence. The St. Louis Globe-Democrat, one of the best posted and most widely circulated journals in the great west, in a recent issue concerning naturalization frauds in St. Louis says editorially:

"The two agents of the Jefferson Club who were convicted, in United States courts, of naturalization frauds are serving their sentence in the penitentiary. National courts of justice do not run to technicalities. When a jury brings in a verdict of guilty the government of the United States, if concerned, governs itself accordingly. In the United States courts 122 of the bogus naturalization papers have been set aside and several hundred more will be revoked. These criminally false papers represented just that many Jefferson Club votes run into the ballot boxes of St. Louis, which, since 1890, have been a catch-all for every conceivable crime against the honest rights of suffrage. The 20,000 bogus names on the registration list; the ruffian law despotism at the polls; the attacks on respectable judges and clerks and the immensely padded returns in certain wards were not supposed to be sufficient by the gang working their pleasure in St. Louis elections. So the naturalization frauds were hatched and added to the list."

"Barbaglin and Levine, the two men now serving terms in the penitentiary, were simply the tools and employees of the Jefferson Club. They were paid to commit their crimes. The parties who employed them represented the Jefferson Club and typified its methods. While the tools are wearing stripes and doing hard labor for the state the principals who hired them are strutting around as Jefferson Club magnates and arbiters of the politics of St. Louis. It is a lamentable burlesque on justice, but a natural result of the Nesbit law, police-army, state-board

# Ask Your Doctor

He will tell you— That barley-malt is a half-digested food, as good as food can be.

That hops are an excellent tonic.

That the little alcohol in beer—only 3 1/2 per cent—is an aid to digestion.

But Purity is Essential

But he will tell you that beer must be protected from germs, and brewed in absolute cleanliness.

He'll say, too, that age is important, for age brings perfect fermentation. Without it, beer ferments on the stomach, causing biliousness.

Schlitz beer is brewed with all precautions. It is the recognized standard all the world over, because of its purity.

Ask for the Brewery Bottling.

H. B. Cartwright & Co., 200 San Francisco St., Phone No. 21, Santa Fe.

system of criminal anarchy under which this city groans. But for the United States courts Barbaglin and Levine would still be drawing their salaries as 'presidents' of branches of the Jefferson Club, the contriver and brazen patron of more law-breaking infamies than any other political organization ever known in the United States."

## A TRY NO POSITION.

Santa Fe Readers Will Appreciate This Advice.

A constant itching tries your patience. Nothing so annoying; nothing so irritating as itching pimples or eczema. To scratch the irritation makes it worse. To leave it alone means misery. Some Santa Fe citizens can tell you how to be free from these troubles. Read the following:

Brother Fabian of St. Michael's college, says: "I am convinced that Doan's Ointment has merit. It was used with success in a case which came under my observation, the authenticity of which I will be pleased to give in a personal interview out of idle curiosity, but if my interviewer really suffers with any form of skin disease and wishes to know what means to adopt to get relief. In the meantime I have no hesitancy in advising residents of Santa Fe to go to Ireland's Pharmacy for Doan's Ointment if they require its use for any purposes indicated."

For sale by all dealers. Price 50 cts. Foster Mithun Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

## Notice for Publication.

Land Office at Santa Fe, N. M., July 18, 1903.—Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on August 20, 1903, viz: Pedro Madrid, for the n/w 1/4, section 17, township 14 north, range 1 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land: Jose Leon Madrid, Cristobal Madrid, of Galisteo, N. M.; Polidoro Lobato, of Lamy, N. M.; Santiago Madrid, of Pinos Wella, N. M.

Any person who desires to protest against the allowance of such proof, or who knows of any substantial reason, under the law and the regulations of the Interior Department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

MANUEL R. OF 80, Register.

## Try a New Mexican word "ad."

### CHOLERA INFANTUM.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by all druggists.

### LAND SCRIP.

By the use of so-called land scrip, title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of the supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

HUGO SEABERG, Springer, N. M.

### BRUTALLY TORTURED.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism, and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

# Maxwell Grant.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

## GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

This affords a protection to the home which no others do.

## THE EQUITABLE LIFE ASSURANCE SOCIETY

MRS. L. A. HARVEY, AGENT.

102 Chapelle St., Santa Fe. Office Hours 2-12

## HOUSES TO RENT.

One 9 room house, with all modern conveniences, excellent neighborhood. A new 6 room cottage, bath, stationery range and all modern conveniences. Also the building corner of Water st. and D & R G railroad track lately used as a saw mill.

Several small houses, some adobe, some brick, others frame upon my books, which I would be glad to show an interested purchaser. They are desirably situated, and will be sold cheap.

## UNFURNISHED ROOMS.

I can rent several rooms in the Hensch building on lower San Francisco street, or will lease the whole building.

I have 3 or 4 rooms, and stable, that I will rent, on De Vargas St., two blocks west of Guadalupe church.

## FURNISHED ROOMS.

I can rent you 2 furnished rooms in a desirable location on the south side, water in the house and yard; or I can sell you the house 6 rooms at a bargain if you would rather have it so.

## FARMS & RANCHES.

I have inquiry from outside party for ranch in the Española valley; also for ranch in the district between Tesuque and Espanola; price must be reasonable.

# J. P. VICTORY

Attorney at Law and Real Estate Agent

112 San Francisco Street, Santa Fe, N. M. CITY PROPERTY.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cozy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 285 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Fort Marcy Heights, with its historic associations, magnificent views, and other attractive features, is destined soon to be adorned with the beautiful homes of New Mexico's millionaires, and for speculative purposes no other tract of land in the Territory today appeals to the cautious investor for immense returns in the near future.

I can sell you an undivided one-half interest in this tract, consisting of about 250 acres, at a reasonable price.

I have also several large and small tracts of desirable land in the neighborhood of the Government Indian School, which I can sell at your figures, perhaps.

## OUTSIDE PROPERTY.

Examine a 23-acre tract east of the Wieland place, and then ask me its price; you will be surprised.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the congested Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

On lower San Francisco St., east of the railroad track, I can secure property desirable for homes or business propositions; these will bear examination.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian Church, which is a few years will be worth double the present asking price.

About two blocks west of Guadalupe church, on De Vargas St., I can sell you three small homes.

At El Cervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

## MERCANTILE PROPOSITIONS.

To those desiring an investment in a good mercantile business located in a thriving town in Rio Arriba county I can suit them with the chance of their lives; general merchandise, large stock; store, two cottages, stables, and other buildings; large tract of land, with big orchard, producing the latest season \$1,400; merchandise business pays from \$2,500 to \$5,000 a year and can be increased; fine fishing, boating and bathing; with horses, wagons, etc., 20 varieties of choice roses and other flowers in abundance; owner will allow prospective purchaser to thoroughly investigate before buying; good reason given for selling.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central, and an eight page daily; who says that the world don't move, and our city with it.
